Centerville News Update

## Donations Requested for Park Signs

Two City parks are in need of updated signs: Lee Skabelund Wildlands Parks and William R. Smith Park. Thanks to the Parks Department and residents like you, we have some great parks to relax, play, and gather in.

Lee Skabelund Wildlands Park, at 100 South and 500 East, was named by the City Council on June 19. It was previously owned by the County, and now Centerville is preserving it as natural open space for the community. It is named in memory of Lee Skabelund, a resident actively involved in City affairs, especially in protecting trails, and preserving open space, including this property.

William R. Smith Park, 300 North Main Street & formerly called Founders Park, has gone back to its roots. The family of William R. Smith, one of Centerville's founders, donated part of the land to create the park. In recognition of this, the City Council has returned the park to its former name.

To make donations for these signs, send checks payable to Centerville City to City Hall, 250 North Main.

## Police Dispatch

As of July 1<sup>st</sup> Centerville Police will be contracting with Bountiful City to provide dispatch services. Residents wishing to contact the police department should continue to use 801-292-8441 for non-emergency calls. 911 calls originating in Centerville will automatically be routed to Bountiful Dispatch. For those who have an alarm system, please notify your alarm company of the non-emergency phone number for Bountiful Dispatch which is 801-298-6000.

## Utility Rate Changes

The City's curbside waste collection contract was recently re-bid. ACE Disposal will continue to be the hauler. Below are the new customer rates per can, per month.

	Current Rate	New Rate	Difference
Solid Waste	\$ 12.15	\$ 11.69	\$ (0.46)
Solid Waste Extra	\$ 9.45	\$ 9.94	\$ 0.49
Recycling	\$ 3.95	\$ 4.35	\$ 0.40
Recycling Extra	\$ 2.05	\$ 2.25	\$ 0.20
Green Waste	\$ 7.40	\$ 9.09	\$ 1.69

In 2016, the City Council approved a three-step culinary water rate increase to provide funding for replacement of water mains per the capital plan and keep up with the impact of inflation on water system operations and maintenance costs. The third step, a 10% increase, takes effect in July 2018. This increase, as well as curbside waste collection fee changes, will first appear on customer billings at the end of July.
